Forecast for Sunday 07 Jul 2024

Weather: Morning showers have the potential to be heavy and occasionally thundery, as well as merge into longer periods of rain. Showers will become more scattered into the afternoon with sunny spells in between, before then easing into the evening.

Chance of cloud-free hill tops above 600m: 80%

Low cloud and visibility: Cloud bases largely above the summits, but perhaps temporarily dropping to cover the highest peaks as heavy showers pass across the park. Mostly very good visibility but becoming poorer in any showers.
